

IN THE SPECIFICATION

Please amend the specification as follows:

On page 1, line 7, after the title of the invention, please insert the following sub-title:

--Field of the Invention--

On page 1, line 20, please insert the following sub-title:

--Background of the Invention--

On page 2, line 30, please insert the following sub-title:

--Brief Description of the Invention--

On page 3, line 37, please insert the following sub-title:

--Brief Description of the Figures--

On page 5, line 26, please insert the following sub-title:

--Detailed Description of the Invention--

IN THE CLAIMS

Kindly cancel claims 1-10 and add the following claims 11-21 as follows.

11. (New) A method for displaying scanned ultrasound images of tissue, the method comprising the steps:

mounting an ultrasound probe to a mechanical head;
connecting the head to a three-dimensional positioning system;
positioning the probe in proximate orthogonal relation to the tissue;
controlling the three-dimensional positioning system by a computer for moving the probe during a scan;
